IN RE: Application of Host Network, Inc.) ORDER
for a Certificate of Public Convenience) APPROVING
and Necessity to Provide Intrastate) CERTIFICATE
Resold Telecommunications Services)
within the State of South Carolina.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Host Network, Inc. ("Host" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of intrastate interexchange telecommunications services in the State of South Carolina. The Company's Application was filed pursuant to S.C. Code Ann. §58-9-280 (Supp. 1995) and the Regulations of the Public Service Commission of South Carolina.

The Commission's Executive Director instructed Host to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of Host's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. Host complied with this instruction and provided the Commission with

proof of publication of the Notice of Filing. No Petitions to Intervene or letters of protest were received in regard to Host's Application.

A hearing was commenced on June 18, 1996, at 11:00 a.m., in the Commission's Hearing Room. The Honorable Rudolph Mitchell, Chairman, presided. Host was represented by D. Reece Williams, III, Esquire. Florence P. Belser, Staff Counsel, represented the Commission Staff.

Steve Salekfard, President and CEO of Host, appeared and offered testimony in support of Host's Application. Mr. Salekfard stated that Host is a California corporation which is registered to do business in South Carolina as a foreign corporation. According to Mr. Salekfard, Host proposes to offer long distance services using resold transmission services of carriers certificated to carry traffic in South Carolina.

Mr. Salekfard explained the Company's request for authority to provide interexchange telecommunications services in South Carolina as a reseller. The record reveals the Company's services, operations and marketing procedures. Mr. Salekfard also explained that Host possesses the technical, financial and managerial abilities to provide its services in South Carolina.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. Host is incorporated under the laws of the State of California and is licensed to do business as a foreign corporation in the State of South Carolina by the Secretary of State.

2. Host operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.

3. Host has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to Host to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through the resale of intrastate Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for Host for its resale services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. Host shall not adjust its rates below the approved maximum level without notice to the Commission and to the public. Host shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1995).

4. Host shall file its revised maximum tariff and an accompanying price list within thirty (30) days of the date of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

5. Host is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers should be treated similarly to facilities-based interexchange carriers.

6. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

7. Host shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If Host changes underlying carriers, it shall notify the Commission in writing.

8. With regard to the origination and termination of toll calls within the same LATA, Host shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

9. Host shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

10. This Order shall remain in full force and effect until further Order of the Commission.
